

City Park Plan

Design Charrette

This potential park will be the subject of a week-long design charrette where you can be a part of the process, working alongside the consultants to plan a park in the West Side along the Swamp Rabbit Trail. A charrette is similar to a public meeting, but in addition to presentations, designers will be on hand to hear public comment and draw designs to reflect what they hear. **If you have an idea for something to be included in the park, please come join us and let your voice be heard! Everyone is welcome!**

Learn

Thursday, Feb 21
6:00-7:30 pm
Kroc Center
